

## [Q&A related to “On-campus Self-quarantine”]

Q1. How can I apply for the on-campus self-quarantine facility?

A1. Within the application period (Jan 04, 2022~Jan 13, 2022), submit the application for using <http://naver.me/Gq19ph0g> and send a copy of flight ticket through e-mail ([12200347@dankook.ac.kr](mailto:12200347@dankook.ac.kr)) from Jan 4, 2022 to Jan 20, 2022. Your application is confirmed when both of your application AND the copy of flight ticket are received(First come, first serve basis). Thus, please purchase your flight ticket and send the copy to us as soon as possible. Please check the on-campus quarantine announcement for more details.

Q2. Do I need a Korean (phone) number when I arrive at Incheon International Airport?

A2. If you only have your number in your native country, apply for roaming in your native country before entering Korea. If it is impossible, you should write down your friend's number in Korea so that we can reach you. Please write down number which you can be reached.

Q3. If my flight schedule changes, what should I do?

A3. If there is a change in the flight schedule, please contact the Graduate School Office(Kakao Talk ID: dankookgrad) as soon as possible.

Q4. My flight arrives in Korea early in the morning or at night, would pick-up be possible then?

A4. Yes, it is possible.

Q5. I cannot eat pork(or other food) because I'm a Muslim/vegetarian/allergic to something.

A5. Please write down the information in the application form. We will try to accommodate your request as much as possible. Not all requests can be considered, only religious or allergy issues will be considered.

Q6. I was vaccinated in my home country, do I need to do self-quarantine upon arrival?

A6. Yes, it is mandatory. According to the Korean government's rules and regulation, all foreign nationals are subjected to do self-quarantine upon arrival in Korea. Other than that, after entering Korea, you must be tested for COVID-19 within 24 hours and re-tested on the 9<sup>th</sup> day of quarantine. Please be sure to bring your vaccination certificate from home country when entering Korea.

Q7. Regarding COVID-19, what do I need when entering Korea?

A7. Due to strengthened quarantine measures, you have to bring a PCR negative confirmation that has been tested and issued within 72 hours from the departure date. It must be issued in Korean or English and you are not allowed to enter Korea if you do not have the confirmation.

Q8. Other frequently asked questions

A8. – Meals/snacks : Meals (10 days, 3 meals per day), snacks (10 days, once a day)

– Parcel delivery : Not allowed

– Food delivery : Not allowed

– Daily necessities : Essential daily supplies such as shampoo, soap, toilet papers, blankets and pillows are provided, but personal necessities such as feminine hygiene products and beauty products are not included. Please prepare the items if you need by your own.

– Laundry availability : Not allowed. Students are not allowed to leave their room and laundry soap will be provided for inner wear washing.

– Electrical adapter/converter : Not provided. Please prepare it yourself as needed.

Q9. If self-quarantine facilities are not operated in my campus, would you move me to my campus after the quarantine?

A9. Yes, you will be moved to your campus by bus after your quarantine period ends.

Q10. I am a confirmed applicant for the dormitory for the next semester, can I enter the dormitory immediately after self-quarantine period is over?

A10. We are having a discussion with the relevant team to make it possible to enter the dormitory right after the self-quarantine period ends, if you are the on-campus self-quarantine facility user and a confirmed applicant to live in the dormitory for the next semester. The cost for living for that period is on your own expenses, and the application period for early check-in would be announced later, so please make sure to check it. If you who have not been confirmed as a resident of dormitory for the next semester, you cannot enter the dormitory after the self quarantine, so please find a place to stay by your own.

Q11. I couldn't get a flight ticket for the entering period, which is set between February 5, 2022 ~ February 9, 2022, and I bought one scheduled on a different date. In this case, can I still use the on-campus

self-quarantine facility?

A11. It is not allowed. We cannot consider all the conditions of students, and on-campus self-quarantine facility can only be operated within the announced period. If you have purchased a flight ticket which scheduled date is not within the application period, you are not allowed to use the on-campus self-quarantine facility, so you need to find a self-quarantine facility outside the campus upon arrival. Even in the case of a student who stay out of the campus to do the self-quarantine by yourself, you should enter Korea by February 20, 2022 (Sun) to complete self-quarantine and stay on the campus.
